

Invitation

FABIAN-symposium

The fifth FABIAN (farmaceutical and biomedical analysis), symposium (under the auspices of the Royal Dutch Chemical Society) will be held on Friday 18 November 2005 in Oss, The Netherlands.

- Date : 18 November 2005, start 09.30 h
Venue : NV Organon, Auditorium, Molenstraat 110, 5342 CC Oss, The Netherlands
Topic : 'A pharmacologist's dream ... the bioanalyst's challenge'
Cost : € 25.-, to be paid on arrival (free entrance for students)
Sign up : by email to Jaap Wieling, FABIAN administrator,
jaap.wieling@xendo.nl
Posters : the organisers kindly invite investigators to submit poster abstracts to Jaap Wieling, jaap.wieling@xendo.nl

(Preliminary) Programme 18 November 2005

- 09.30 Registration, coffee
Opening
- 10.00-10.45 Chris Kruze (Solvay, Weesp, NL), The role of bioanalytical in future drug discovery
- 10.45-11.30 Marcel van Duin (Organon, Oss, NL),
11.30-12.05 Nico Vermeulen (Free University of Amsterdam), In vitro and in silico screening of affinities to Cytochromes P450
- 12.05-12.40 Geny Groothuis (University of Groningen, NL), Predictive value of in vitro ADME-Tox during drug development
- Lunch, poster session
- 14.15-15.00 Graham Lappin (Xceleron, UK), AMS: A Strategic Leap Forward in Human ADME
- 15.00-15.30 Mark Noppe (J&J, Beerse, B), UPLC/MS², Added value in ranking the permeability of drug candidates through artificial membranes
- 15.30-16.00 Philip Timmerman (J&J, Beerse, B), A tailored approach for discovery and early development bioanalysis: a scientific challenge for the bioanalytical scientist
- 16.00 Closure and Farewell drink
