
FABIAN-symposium

The sixth FABIAN symposium will take place on Thursday 26 October 2006 in Utrecht, the Netherlands. Our host will be the University of Utrecht.

Date : 26 October 2006, starting at 09.30 h
Location : University of Utrecht, Faculty of Pharmacy, F.A.F.C. Wentgebouw, Sorbonnelaan 16, 3584 CA Utrecht
Theme : 'The BioAnalytical Chain'
Costs : €25.-, to be at the registration desk (students free of charge)
Registration : per email to the attention of Jaap Wieling, secretariat FABIAN, jaap.wieling@xendo.com
Call for posters!: Those who are interested in presenting a poster are invited to send title + a short abstract to the attention of Jaap Wieling: jaap.wieling@xendo.com
Further information: www.bioanalyse.org

Final program:

Reception and opening

09.30 Reception & coffee
10.00 Opening

Sampling

10.05 Theo de Boer, Xendo Drug Development, Groningen: *In vitro stabilization of analytes in biological matrices*

Sample preparation

10.45 Gerard Haak, Spark Holland, Emmen: *The role of sample preparation in pharmaceutical bio-analysis, the "last frontier" and the starting point for an accurate LC-MS/MS analysis of biological samples*

Separation

11.25 Klaus Unger, Mainz, Duitsland: *Design and development of high resolution particulate and monolithic columns in HPLC – meeting the challenges in pharmaceutical analysis and in life science*

Lunch & posters

12.10 – 13.45

Detection

13.50 Jaap Wieling, Xendo Drug Development, Groningen: *Bioanalytical LC-ICP-MS for pharmacokinetics and drug metabolism studies*
14.20 Wilfried Niessen, hyphen MassSpec, Leiden: *Quantitative bioanalysis en metabolite identification by LC-MS: Continuous developments and innovations*
15.00 Wim Luijten, Servier, Orleans, Frankrijk: *Design and Validation of Hyphenated Analytical Technologies in Pharmaceutical Development*

Validation

15.40 Philip Timmerman, J&J, Beerse, België: *Crystal City III - European Bioanalytical Forum Initiative*

Closure

16.00 Drinks
